Two Desert Residents in Board Race

Third, Mentioned as Candidate, Says He's Not Interested

By FRED C. WEIGEL

Speculation as to the successor to the late Homer S. Varner brought two definite commitments of candidacy for Supervisor of the Fourth District, and one definite disavowal of any acceptance. All three have been discussed as candidates for the interim appointment by Governor Goodwin J. Knight. They are: Ted Smith, Rancho Mirage, and Allen A. Willard of Indio, who are the confirmed candidates, and L. C. Lewis, Cathedral City, who is not considering the appointment and who is supporting Smith. Smith, realtor and civic leader, is one of the most active men in the Coachella Valley today. He has been approached by friends who have urged that he favorably consider the acceptance of the position of supervisor of the fourth district.

AT PRESENT HE holds four presidencies in the Coachella Valley, including the Coachella Valley Planning Committee, the Coachella Valley Board of Realtors, the Coachella Valley High Twelve Club and Desert County, Inc.

In addition to these positions, he is a member of the board of directors of the Rancho Mirage Chamber of Commerce, and acting president of the Shadow Mountain Club and Shadow Mountain Park, Inc.

As a realtor, subdivider and developer, Smith has served as a consultant on desert properties. HE CAME TO THE desert five years ago with his wife, Jeanne, and two sons (both now active in the U. S. Army), and immediately became active within the Desert Empire. Throughout the years he has worked closely with the late Homer Varner, and many residents have volunteered the fact that the "two men thought alike—and worked for the betterment of the entire Valley."

Smith told The Desert Sun, when he confirmed the fact that he would seek the supervisorial post, that he would "continue to follow along the lines of progressive planning and development for the desert area," and added, "with the tremendous growth of this area, which is even greater than most care to admit, we must have co-operative thinking and coordinating action to face the problems that will continue to arise."

Who Governor Knight will appoint to fill the vacancy will continue to be in speculation, but supporters of Ted Smith point out that his appointment would bring to the supervisorial office an organizational ability to cooperate that is lacking by so many other officials today.

IN INDIO, Willard, local florist and civic leader confirmed a report that he would be a candidate for the supervisorial post. He has been a close friend and associate of Varner's for many years. He said that he was not a politician.

JOIN THE MARCH OF DIMES is the personal appeal of Ronnie Weinstein, who was afflicted with polio himself, as he drops a dollar into the milk bottle canisters in front of the Palm Springs Drug. Joining him in urging all residents and visitors to respond to a last-minute appeal for March of Dimes donations are Mayor Florian G. Boyd, and Mrs. George Morris. The campaign started late this year due to organizational difficulties at county headquarters, which resulted in a group of local residents joining together to start the important drive. An organizational meeting was held today at the home of Mrs. Sidney Niles, who is serving as co-chairman with Mrs. N. H. Curtis, and a luncheon session followed at Town and Country.

agent, met with city council at a luncheon meeting this noon to hear the city's recommendations. Previously they had contacted all Tribal members. No definite time has been set for their departure. While here, it is possible that they may also consult with members of the Citizen's Advisory Committee appointed last year by the Secretary of the Interior. The committee is composed of nine prominent businessmen from throughout the United States, and is to present recommendations to the Secretary on the overall Indian land situation here.

Final Action on Bond Election on Council Agenda

City council will meet tonight to crystallize the final issue of general obligation bonds to be placed on a special election ballot February 14 for approval by Palm Springs voters.

Tentatively, there are seven separate items totalling \$3,555,000. The items, whose separation means that the passage or disapproval of one does not mean of all, are as follows:

1. Sewerage expansion system;
2. Golf course land acquisition and construction;
3. De Muth Park land acquisition;
4. Airport land acquisition;
5. Tachevah flood control;
6. Palm trees and lights on Palm Canyon Drive, and lights on Indian Avenue;
7. McCallum Way improvement.

IN ORDER FOR the ballot to be in order for placement before the public for the February election, law requires it be solidified tonight for final legal approval next week.

Other council action expected includes amendment to an ordinance controlling direct light beams shining from buildings on to streets and into private property.

The ordinance is expected to contain stringent measures which would require all lighting to be shielded so that only indirect rays can be seen from public streets and other private property. The basis for any such ordinance would be the city's concern with health, and safety, i. e., distraction of motorists on a public street, or

Indian Agents Confer Here on 25-Year Lease Plans

Glenn L. Emmons, Commissioner of Indian Affairs, and Rex Lee, associate commissioner, have been in Palm Springs for several days conferring with members of the Agua Caliente Band of Mission Indians, city officials, and other interested parties.

Main topic of conversation is the recently enacted 25-year-lease law, with regulations governing its administration still to be determined by the Secretary of the Interior. Emmons; Lee; Leonard M. Physicians Say Condition of President is Excellent

WASHINGTON — Three of President Eisenhower's physicians examined him this morning and found his "physical condition is excellent."

White House Press Secretary James C. Hagerty said the President underwent an electrocardiogram test and a blood test.

He said the doctors reported that the "President's recovery continues to progress satisfactorily."

"His physical condition is excellent and he benefited greatly from the exercise and relaxation during his recent visit to Key West," the doctors said. Mr. Eisenhower resumed a full White House work schedule Monday after returning from his vacation at Key West, Fla.

His physicians plan to keep a close watch to see how he stands up under the stress of a full work load. They have said that about six weeks of a full work schedule will be necessary to show whether his recovery from his September 24 heart attack has been sufficient to make him physically able to seek a second term in the White House.

U.S. Citizens Murdered by Savage Tribe

Missionaries and Scientists Slain in Ecuador Jungles

GUAYAQUIL, Ecuador —The United States and Ecuador threw planes and helicopters into an intensive search of the Ecuadorian jungle today for possible survivors of an Indian massacre of American missionaries.

The group's plane was found destroyed by Aucas Indians on a sand bar on Olgan River on the edge of Auca territory in Western Ecuador. One body with a spear in it was sighted near the wreckage. Jay McCully, 25, brother of missionary T. Edward McCully, 28, feared slain by the savages, said in Wauwatsa, Wis., that the American party thought it had made friends with the Indians.

MCCULLY IDENTIFIED the other men aboard the small plane which the party used for its travels as pilot Nate Saint, Fullerton, Calif.; Roger Youdarin, Billings, Mont.; Peter Fleming, Seattle; and James Elliott, Portland. The Americans apparently were heard from Sunday afternoon at 4 p.m.

When searchers went looking for them, all they sighted from the air was the wreckage of the missionaries' plane, one body and several headbands of Indians headed downstream.

Some hope was held out that there were survivors when the Rev. Henry L. Woll, Philadelphia, reported he had talked by amateur short wave radio with another amateur in Quito, Ecuador. The Quito amateur said he was informed that a column of smoke was seen not far from the downed plane. He said Ecuadorian officials hoped the fire had been kindled by survivors.

EFFORTS WERE BEING made to reach the scene by Ecuadorian and American authorities.

A disassembled helicopter left Albrook Air Force Base in the Panama Canal Zone aboard two Air Force C47s early today to help in the search.

The planes were to refuel in Guayaquil, then proceed to Shell Mera, which had been the missionaries' base, where the helicopter was to be reassembled and start its work tomorrow.

An amphibian of the 26th Air Rescue Squadron, which started the search yesterday and first reported finding the missionaries' plane, is helping in the hunt from Shell Mera.

AUTHORITIES HOPED to drop food and a portable radio transmitter receiver in the area where the smoke column was reported.

In describing the events leading up to the apparent massacre, Young McCully said at his Wisconsin home that his brother's wife, Marilou, 26, had remained at the base camp when the men made their last trip.

Thousands of Chest Pleas Unanswered

Thousands of letters seeking contributions to the Palm Springs Community Chest still remain unanswered despite the appeal of Frank Bennett, campaign chairman, that these letters must be answered if the drive for funds this year is to be successful.

"A few letters came in since my last appeal of a few days ago," Bennett announced. "But there still remain unanswered approximately 4000 letters that were originally sent to early contributors."

Bennett again stressed the urgency of the plea contained in the letters seeking contributions in advance of the house-to-house solicitations which will begin in February.

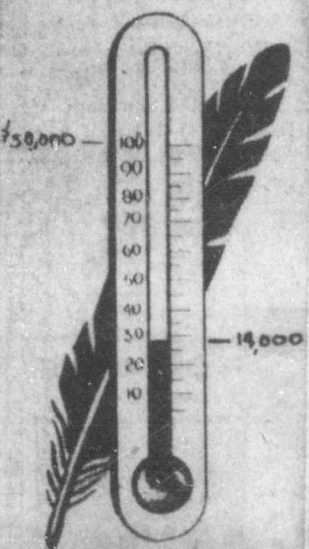

"THE VERY EXISTENCE of the work having to do with six agencies that are supported by your Community Chest are dependent on the returns these letters bring annually," Bennett pointed out.

These agencies include the Girl and Boy Scout movements in town, the Welfare and Friendly Aid, The Boys Club and the Youth Center. In addition, the Desert Museum is also supported by the Community Chest and thousands of children learn about the lore of the desert and the mountains about them. Thousands of winter guests and vacationists also visit the museum annually.

Yesterday it was announced that Unit 7, California Trailer Park Association, passed a resolution recognizing the "high value of the Community Chest in our area," and plans to conduct a special drive among the more than 8000 mobile home dwellers for funds.

PIPER LAURIE NAMED QUEEN OF 1956 RODEO

Piper Laurie, beautiful star of Universal-International Studios, will reign as queen of the 1956 Palm Springs Rodeo.

And it's a natural, according to Warren Coble, general chairman of the Palm Springs Mounted Police sponsored event.

For Piper, besides being beautiful and one of Hollywood's top actresses, is also a fine horsewoman and will have with her here her own palomino horse, "Sunny."

MAIN APPEARANCES will be the parade down Palm Canyon Drive on February 4, and then the Rodeo on both Saturday and Sunday, February 4 and 5.

Piper has been under contract to Universal-International for the past five years, with her latest picture being "Ain't Misbehavin'." She has just returned to the West Coast from New York, where she appeared in Robert Montgomery's TV show, "Robert Montgomery Presents."

She signed a contract with U-I when only 17 years of age, and three weeks later appeared in "Louisa." A few months after that she was a star in "The Prince Who Was a Thief."

YESTERDAY IT was announced that L. Gov. Harold Powers will be Grand Marshal of the traditional parade, which will feature entries of equestrian groups from throughout California.

Top riders, known throughout the United States, are scheduled to appear in the thrill-packed action at the Polo Grounds, where the rodeo grounds are located.

ANY SUGGESTIONS FOR THEME FOR DESERT CIRCUS?

Do you have any last-minute suggestions for the theme of the 1956 Desert Circus?

Deadline is 5 p.m., tomorrow, Thursday, prior to the Desert Circus annual meeting at 8 p.m., the same evening at the Fiesta House at the Desert Inn.

Ray Corliss and Jimmy Cooper will be named co-chairmen of this year's traditional event, new officers will be elected, and the theme selected.

Representatives of all civic organizations are urged to attend, according to President Adrian Rosen.

Debs Organized to Aid Publicity for Palm Springs

(Photo on Page 2)

Formation of the Palm Springs Debs, a new organization consisting of local girls, was announced today for the purpose of publicizing the Village on a national scale.

Jimmy Cooper, manager of the Palm Springs Chamber of Commerce, in telling of the new group, said that "from time to time we are asked to recommend girls for publicity photos and we would rather call on local girls than import professional models from Hollywood."

Three leading Palm Springs merchants are responsible for the outfitting of the "Debs" will wear. Grone's Florshelm Shoes, 184 North Palm Canyon Drive, donated eleven pairs of white shoes; Mary Helen Teen Shop, 174 North Palm Canyon, contributed eleven pairs of pink shorts, and Mancini Resort Fashions, 404 North Palm Canyon, provided eleven black sweaters to complete the outfits.

Eleven letters in Palm Springs explain the eleven outfits, as each girl will wear a different letter on her sweater. When all eleven girls are posed together, they will spell "Palm Springs."

Local girls between the ages of 15 and 25 who are interested in joining the "Debs" may register at Bernard Anderson Studio of Photography, 409 North Palm Canyon Drive. Several girls have already signed, according to Cooper, but more are needed to complete the roster.

VALUABLE CAMERA EQUIPMENT FOR WINNERS IN SUN PHOTO CONTEST

Valuable camera equipment will be awarded to winners in the first annual photo contest being sponsored by The Desert Sun and the Palm Springs Chamber of Commerce.

A partial list of awards was announced today, with more to be added before the contest ends January 30.

AMONG THE AWARDS will be: An Argus "C3" camera with f3.5 lens, with flash gun and carrying case.

A Brownie Movie Camera kit, including the Brownie Movie Camera, with f2.7 lens; Brownie Movie Light, two photo flood lamps and instruction manual.

A Kodak Duaflex, Model III, deluxe flash outfit. An Argus "75" Camera kit with

flash unit, two rolls Kodak film and six flash lamps. A Brownie Hawkeye flash camera with flash unit, eight flash lamps, batteries and two rolls of Kodak film.

A Ponder and Best leather gadget bag.

AND, OF COURSE, the Grand Prize Desert Sun trophy to the person who submits the best picture of all.

If you are a resident of the desert area, anywhere from Palm Springs to the Colorado River, you are eligible to enter. And you have a good chance to win, with many different classifications being offered.

Judges will be leading photographic manufacturers and dealers of the United States, who have

banded together as the Buck Rogers group, and who will be meeting in convention at El Mirador Hotel at the time of the close of the contest.

ALL YOU HAVE to do to enter is take a picture, or check over past pictures for your favorites. Enlargements are preferred, but not essential. Do not send the negative. Pictures become the property of The Desert Sun for whatever use they may desire, and none will be returned.

Send the photograph to the Photo Editor, The Desert Sun, P. O. Box 190, Palm Springs, or bring it in person to The Sun offices in The Center. Enter as many times as you wish, but do it today.

If we are to have, and we should, a municipal golf course it might be a good idea to talk to a lady by the name of Miss Marion Davies who is the co-owner of a large tract of land on South Palm Canyon Drive, out of the wind zone. She may be highly receptive. In any case, every site should be inspected as they no doubt have so far.

And it may not be a bad idea to get behind L. C. Lewis of Cathedral City as the logical successor to the office of Riverside County Supervisor vacated by the recent death of Homer Varner. Lewis has worked hard at the side of Varner for a long time and spends a great deal of time in county civic work. And Lewis knows the county situation well.

RELAX. SLOW DOWN to the tempo of living on the desert — be casual. Those are the slogans we have and still are using to induce travel to Palm Springs. But here's one for the books that really puts us all in quite another category. Imagine this contrast if you will: Seted opposite each other at long tables were on one side Dr. Wallace Muelder, the \$19,000 genius of our Unified School System, and Paul Summers, business administrator for the same school system, plus two members of our board of education. They were stiffly dressed in coats, collars and ties. On the opposite side sat our city councilmen and members of our planning commission. They were attired, upholding the tradition of this easy desert living, in sport shirts, no ties, with some of them wearing sport coats. Bravo for the latter group. And perhaps we should inculcate some of our thinking in newcomers who suddenly are injected into our Vil-

lage — or does it really pay? And the story still persists and strongly too, that our school marmas are to be discouraged in wearing sun dresses and must wear stockings. Of course Dr. Muelder denied that he issued such an order — and we believe him too.

AND AGAIN HERE comes Red (Volcano) Kenyon, the swimming pool tycoon with an ad that caused a few hundred in town to raise their eyebrows to question the authenticity of, "A second hand swimming pool for sale. Has only been used by one person who swam once from one end to the other." Funny as it may seem, Red (Volcano) Kenyon has a second hand swimming pool for sale. I saw it and you may too if you are interested.

And Neal Olsen will inform you down Kontiki way that it would pay well if our Chamber of Commerce or a group of business people would buy one inch of space in metropolitan newspapers informing them of our daily weather.

TO THOSE WHO may have been skeptical about the success of the Palm Springs Desert Car Wash, 648 South Palm Canyon Drive, claiming our city and its surrounding area would not support a giant super-modern automatic car washing enterprise, they were absolutely wrong. During the first months of operation 1,500 cars have been washed weekly, almost double the volume of some presently operating in teeming Los Angeles. An outstanding job, according to experts in that business.

It's certainly dry on the wagon I'm riding but I plan to stay there for a while if somebody doesn't push me off—I push so easily, you know.

VILLAGE GIRLS will do their part to help publicize Palm Springs. Neenah Hall, age 16, models the outfit to be worn by the Palm Springs Debs, as Barbara Bares, age 15, (left) and Buzzy Rosin, age 17, admire ensemble. The three girls are Palm Springs High school students.

3 Petty Thefts, Involving \$350, Reported in City

Three cases of petty theft, involving more than \$350 in personal property and auto accessories, were reported to police this week.

According to police reports, the first high-brow hub-cap theft of 1956 occurred yesterday in the 2600 block of North Indian Avenue. Thomas J. Stone, an apartment owner from San Francisco, told the manager of the hotel where he was staying that all hubcaps from his Lincoln Continental Mark II were missing when he went to drive downtown yesterday morning. Investigation showed the discs can be replaced at \$49 each.

William Hernandez, 965 Calle Santa Cruz, told officers his car was parked in a downtown parking lot and four hubcaps, valued at about \$40, were taken.

Renee Bartsch, visiting from North Hollywood, told officers she was parked in front of a cafe on North Palm Canyon Drive and had gone in to eat. When she returned, she discovered a 35 mm. camera and her empty purse had been taken from the glove compartment.

The second largest telescope in the world, second only to that at Mount Palomar in California, has been unveiled at Hamburg, Germany.

Sky Ridge Residents View Movies of Yosemite, Hawaii

The Thursday evening pictures this week at Sky Ridge Trailer Park were on Winter in Yosemite and Hawaii. The Yosemite movies were presented by Merle Hancock and those from the Hawaiian Islands by A. L. Campbell. Campbell had some very beautiful pictures of the exotic flowers in the islands. Several of the residents enjoyed a pleasant evening and cookies and coffee was served after the movies.

MRS. A. L. CAMPBELL entertained at a canasta party in the clubhouse Saturday afternoon in honor of her sister, Mrs. Marshall Holland, who was celebrating a birthday, and also in the form of a going away party as the Hollands have returned to their home in Madeira.

A delightful afternoon was spent and the high prize went to Miss Peg Van Scoyoc while Mary Harrison received consolation. Mrs. Campbell made charming shell favors for all those present. A lunch was served following the presentation of the prizes.

Mr. and Mrs. H. E. Anderson received word from their daughter in Los Angeles, Wednesday morning that she and her husband had been in a very bad car accident. The Andersons went into the city that evening and returned to Sky Ridge Friday with the assurance that they were both getting along quite well.

Mr. and Mrs. Russell Hadley

from Michigan were quite pleased last week when they discovered that it was possible to see the Tournament of Roses and the Rose Bowl game without getting into all that traffic with their own car. After inquiring at several places they found that they could get seats in a limousine. They were at the appointed place at 5 o'clock Monday morning and the driver attended to all the necessary arrangements.

AMONG THE NEW residents in Sky Ridge this week are Mr. and Mrs. H. A. Davis of Bend, Ore.; Mr. and Mrs. E. J. Knight of Riverside, Mr. and Mrs. Edward Walters of Pasadena, Mr. and Mrs. W. T. Van Hooser of Banning, and Mr. and Mrs. D. L. Behm of Monrovia.

Mr. and Mrs. Les Longhurst have returned from their holiday visit at their home in Placerville, and are glad to be back in the sunshine.

Mrs. Jeanette Taylor reported a very delightful holiday with her family in Denver but is happy to be back in Sky Ridge.

High School Highlights

(This column, compiled by members of the High School Journalism class, was written today by Carolyn Reich.)

Last Friday night fifty-five enthusiastic Palm Springs rooters journeyed to San Jacinto for the basketball season opener. The B team lost their game 26-56 and the A team lost their game 60-65; in spite of the excellent spirit of the students throughout both games.

On January 10, the A and B squads of Palm Springs traveled to Banning for the second league basketball game of the season.

Next Friday, January 13, Palm Springs will play Elsinore on the Indian court. After the game the Sophomore Class will stage a Sock Hop continuing until 11:30. As a preview to this game, a pep rally will be held during school on Friday. At this assembly a skit will be put on, songs will be

sung, cheers will be led, and speeches will be given.

THE CHEERLEADERS of the high school have organized a drill team which will march for future basketball and football games during the half-time. Last week try-outs were held and approximately twenty girls were chosen.

The Girls' League meetings have been very interesting lately. Several guest speakers have appeared and the girls have been putting on fashion shows. Last show six girls from the freshman class modeled the dresses and this coming show six girls from the sophomore class will model the clothes.

On January 14, Kenny Reich will go to Redlands to take the second part of the test put out

by the national merit scholarship contest. If successful, Kenny will be eligible to receive a scholarship to the college of his choice.

THE INDIAN CLUB, a pep and service club newly organized last September, has been taking an active part in school life. They are now selling red and white pins with the words "Palm Springs" written on them. These buttons, which are 15 cents each, are a big success and really help to boost school spirit. The members of the club are going to put on a half-time stunt at the basketball game this coming Friday.

Soon the juniors will be proudly displaying their new class sweaters. The sweaters were ordered a few months ago and are scheduled to arrive some time this week. Ordering class sweaters is a tradition at Palm Springs High School. The colors are quite appropriately red and white.

The Student Council has two big projects right now. First, they are

Metzdorf, Hudgens Attend Western Hotels Meeting

Dewey W. Metzdorf, general manager of The Oasis in Palm Springs, and Carl Hudgens, manager of the Mayfair Hotel in Los Angeles, have returned from Spokane where they played active roles at Western Hotels' 25th anniversary meeting.

Metzdorf is a vice president of Western Hotels. Hudgens was a member of the maintenance committee at the meeting. During the meeting, representatives of hotels from seven states and British Columbia heard details of property improvements. These included addition to the Oasis of 36 new guest rooms at a cost of a third of a million dollars.

During the meeting, representatives of hotels from seven states and British Columbia heard details of property improvements. METZDORF ANNOUNCED that consideration will start soon on a swimming pool adjoining the Mayfair. This plus new guest rooms and other improvements will amount to more than \$100,000.

During the four-day meeting at Spokane's Davenport Hotel, 64 Western Hotel executives and managers of 23 hotels reviewed 25

years of progress and spoke of even further gains during 1956. Projects planned for this year include remodeling of guest rooms and further expansion of food and beverage facilities.

The meeting opened Tuesday night with a keynote address by Edward E. Carlson of Seattle, executive vice president of Western Hotels.

IN HIS TALK, Carlson pointed out that the Western family now includes approximately 6,000 employees. The hotels maintain 7,000 guest rooms and last year did a gross business of \$37,819,271. Western's payroll last year totaled \$13,754,460. More than 100,000 persons now hold Western Hotel credit cards.

During the past year, Western has acquired the Olympic in Seattle, the Finlen in Butte, Montana, and the Rainbow in Great Falls, Montana.

PAYMENT FOR SERVICE—Congress has a high and rocky mountain of issues to climb during the next few months. It must deal with the tax question, foreign aid, farm policy revision and many other momentous subjects.

In concentrating on these vital matters, however, it should not ignore some of the smaller but nevertheless important questions.

One of these that needs to be handled at this session is the proposal that the government boost various fees and charges for services to limited segments of the public. This is by no means a new idea, but the program begun in 1951 has bogged down somewhat.

At present, the government performs hundreds of special services at bargain rates. Many licenses and permits are issued for nominal fees, or even without charge. Various publications and documents may be obtained at less than cost.

Probably it would not be wise to insist that all special federal services be paid for on a no-loss basis. The government's business is to serve the people, and we should be careful lest we erect barriers to effective service. The basic philosophy behind various fees and charges must be kept in mind.

But surely many individuals and groups can well afford to pay charges more in line with the costs of special service they receive. It is a possibility that Congress should study thoroughly.

OLDEST CITY MAP—The oldest city map known has been made public by Prof. Samuel N. Kramer of the University of Pennsylvania. This university dug up an old Babylonian state in 1899, and found so many tablets that even today there has been no time to go through them all. Among them, it is now learned, is a map of the city of Nippur in Babylonia, which may be as old as 1500 B.C. It is drawn to scale, and shows the names of buildings, streams and gates.

Clearly, at a time when most European peoples were mere barbarians, the Babylonians had the refinements of civilization. One thing is certain. They had a comprehensive system of taxation. No country has ever got along without that, if that is any comfort to us in America.

PICTURESQUE PLATES—Starting with the next fiscal year Nevada's auto licenses will have one more numeral. Also, each county's plates will be designated by the first letter of its names. Or the first two letters where counties have the same beginning letter.

The law providing for the new numbering system was passed at the last session of legislature and the present plates should have been so numbered. However, the state failed to carry out the wishes of the lawmakers, since the licenses were already in the process of manufacture.

Now comes word that by 1957 all license plates in the 48 states will be standardized as to dimensions and location of the bolt holes.

Happily, there will be no attempt made to regiment the color of the tabs, or to halt the various states from using symbols or slogans. "Plate watching" by motorists on the highways, and even in cities, has long been an interesting diversion.

Seasoned drivers, such as traveling salesmen, become experts at spotting the home state of almost every car they pass or meet in Nevada's highways simply by noting the color or symbol on the license. Symbols include sun bursts, the pelican, maple leaf and, of course, Wyoming's famous "Steamboat" the bucking bronco.

Slogans include "Land of Opportunity," "Sunshine State," "10,000 Lakes" and many others.

Besides the general interest, these distinctive plates also aid officers of the law in spotting fugitives and stolen cars.

Nevada legislators should give the matter of a more decorative plate their study at some future date. There are problems, however. It might be a little difficult to recognize a sagebrush stamped on metal, and the legislature failed to pass a law making the bluebird the state bird. The pinon pine is the state tree, but a pine might look a little presumptuous.

A pair of dice, perhaps?

LETTERS TO THE EDITOR

The members of Welfare and Friendly Aid thank you for the excellent publicity we received from your newspaper on our Christmas Bazaar Program. Your paper has always been very helpful and cooperative with our group and we are most appreciative.

Again, we thank you for your assistance in making our project a success.

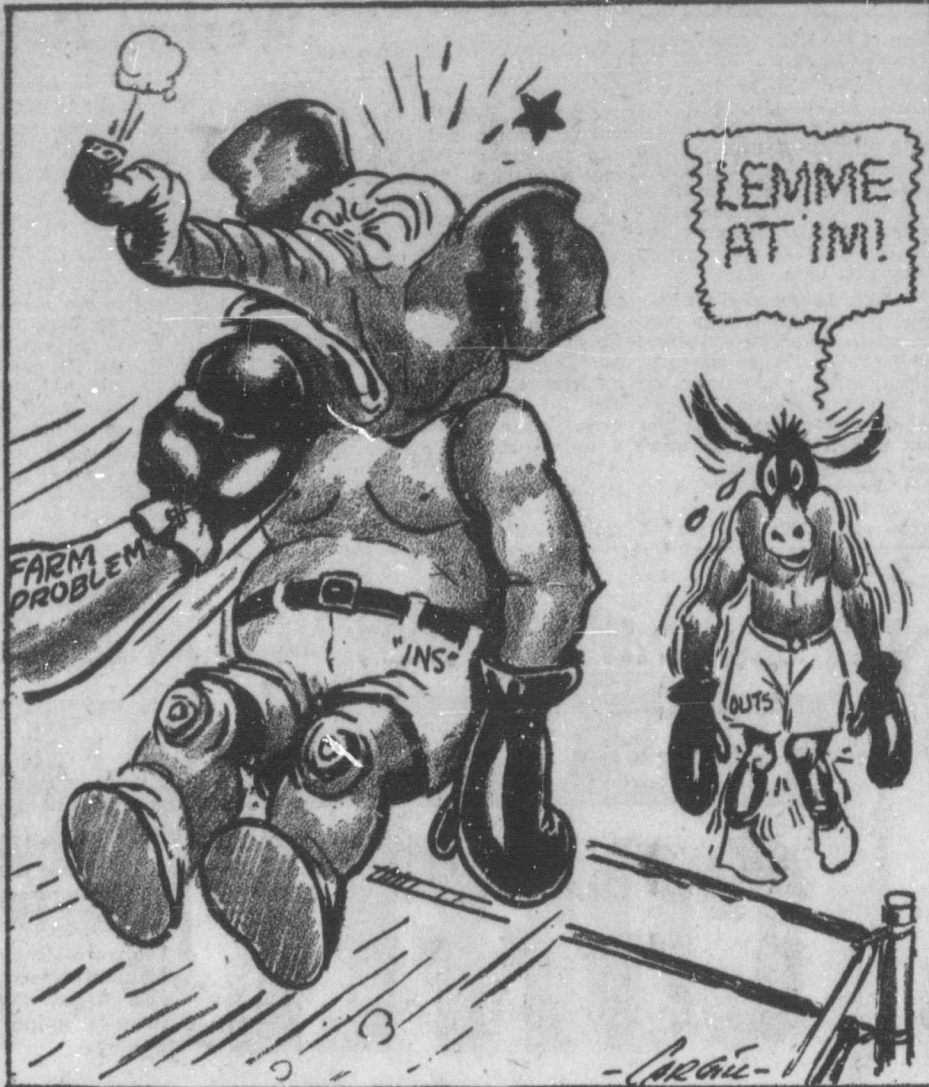

Sincerely,
Welfare and Friendly Aid
MRS. NEWTON HOTCHKISS
Corresponding Secretary

(This open letter to the promoters of the race tracks in the Palm Springs area was written in care of The Desert Sun.)
Gentlemen:
I assume that you share my love for and pride in Palm Springs and that you are aware of the ever-increasing interest of tourists in our Village because of what it is. So I am shocked by your temerity in planning to change its character by the introduction of a Race Track with the attendant

problems and riff-raff which such a development would attract. You protest that it is "within the law." So are railroads and factories, yet we don't want them in Palm Springs, yet at least they would be no threat to the morals of the young people growing up here. It is difficult to understand why the protestations of our county superintendent of schools and of our local religious leaders have not given you pause. Certainly they are in a position to know the problems which would be brought into the homes.

The many worthwhile activities already established here would, I know, welcome the energies of you gentlemen to strengthen the character of our community rather than to undermine it.
I beg of you to weigh your own economic expectations against the probability of changing Palm Springs from the lovely place it is, to a tout-haven that we would all be ashamed of—even you.
Melba Bennett.

PLANTER'S PUNCH

THIS SIDE of The Sun

By Phat

For a meticulous driver.

I'm sure in a stew.
The new license plate ends up with That old Five-Oh-Two

In case you need an explanation why I am irked by the combination we drew, "502" is the number of the article in the state motor vehicle code which deals with driving while mellowed by alcoholic beverages. When a driver has a "502" slapped on him, he either pays through the nose or languishes in spots where the sun shining through the window puts a zebra pattern on the floor. And to think that after driving all of these years (since the days when automobiles had tillers instead of steering wheels and only one cylinder), and being rated an exemplary driver, I now must go with the "502" stigma attached. And that until they issue new plates which I understand won't be for some time.

BUT THE NEW license plates which are beginning to become more common than rare on our streets, make for a pleasant conversation piece. While the state planned it so that no three-letter words would be placed on the plates, people are using the letters to coin words as they did in the WPA days. Most of the local numbers are pre-fixed CXF which caused one woman to remark: "Oh, that must stand for 'Charles X. Farrell,' our handsome former mayor!" Could be but what does the 'X' stand for? The only X he is Mayor. Might be that X marks the spot where he was a moment ago, he moves so fast.

SPEAKING OF MOVING fast, overheard two women in conversation on Palm Canyon Drive yesterday morning. Said one: "Oh, she'll find a place to park. There is one over there and another on this side." Replied her companion: "You mean, there is a place over there, wasn't there?" I liked that headline in the Los Angeles Times yesterday: "Tourists pay \$40 per day to shiver in Miami." And also in the LAT I read one of the worse puns I have ever seen in some time. It was in Gene Sherman's column and he said, unashamed: "UCLA when there's no smog. 'When I see him I'll say 'USC what I think of that one.'"

TO THOSE KIND PEOPLE who wrote in last weekend with favorable comments on my lament over the fact there was no Palm Springs float in the Rose Tournament parade, I would respectfully refer them to yesterday's piece in this space. There it was set forth that things seem to be in hand. Jimmy Cooper, manager of the Chamber of Commerce, is doing something about it. He hopes to have a typical desert scene showing the charms of Palm Springs, rolling down Colorado Boulevard in 1957. He even contemplates a move to have the excellent Palm Springs high school band in resplendent uniforms marching ahead of it. I'm in favor of that.

I JUST KNEW my complaint about the lack of calendars mild enough to display publicly in my office, would bring a response from one certain source. And sure enough in walks Sanford Cooper, traveling passenger agent for the FSP, who presides at their local office, with a neat calendar, adorned with a picture of the Golden State Limited. That one is on the wall. Some of the others are hidden in my desk drawer for the benefit of those who like to look at that type of art.

LIBRARY NOTES

1146 South Palm Canyon Drive—right next to Zanzville's—is the address of the new branch of the Welwood Murray Memorial Library and its auxiliary, the Palm Springs Historical Society. The branch opened its doors on December 5 and what a perfect spot it is for readers in search of a book or browsers looking for a quiet spot to read.

The new branch has a casual charm that should appeal to the invertebrate desert dweller. The white Dimorphotheca—African daisies to you—along the porch and the two privets—Ligustrum Texanum—at the door were the thoughtful gift of Mrs. Frank Bennett who, incidentally, did the planting herself. The pleasant interior arrangement of the library is the work of Billie Lu Floan, the librarian, who reports that circulation of books has almost tripled since the very first day when thirty books were taken out.

Readers, please note: there are many advantages to visiting the branch. Parking is one—there is always adequate space for your car. Then, the books. The branch has a completely different selection of westerns, mysteries and science fiction; and while there are some duplications—among those books most in demand at the present moment, the current fiction and non-fiction are generally new books not owned by the main library.

At the branch you may secure, among many others, **LAS VEGAS: PLAYTOWN, U.S.A.** by Katherine Best and Katharine Hillier; **CHILDHOOD IN CONTEMPORARY CULTURES**, authoritatively written by Margaret Mead and Martha Wolfenstein; **PONDORO, THE LAST OF THE IVORY HUNTERS**, the story of an elephant by John Taylor; **ON THE TRACK OF PREHISTORIC MAN** by Herbert Kuhn and Ward N. Miller's exciting story of a jet pilot captured in Korea, **VALLEY OF THE SHADOWS**.

Among the fiction Mrs. Floan has in **ANOTHER COUNTRY** by John Bayley; light and tasty **THE LOVELY APRIL** by Margaret H. Reyberg; Norman Lewis's **DAY**

OF THE FOX with its Spanish background; and a new historical novel of 16th century England.

THE PROUD MAN.

Securing a card in the branch is no problem. Readers who are registered at the main library simply give their names to the librarian and new applicants either sign as property owners or deposit a refundable dollar. Individuals whose names are on lists for new and popular books at the main library will find that, by changing their inquiry to the branch lists, they may secure the desired books much sooner!

Young people will be particularly interested in the children's room with its merchandise of bright new volumes. They can be comfortable here while they look over Bothwell's wonderful story of a parakeet, **CAL'S BIRTHDAY PRESENT**; **ALL THE MICE CAME** by Krauss; and for older children **BLUE CANYON HORSE** by Clark. Teen age girls will want to consult Carson's **HOW TO LOOK AND DRESS** before going out on that important date.

The hours for the new library are from 10 a.m. to 12 noon and from 1 p.m. to 6 p.m. Monday through Friday. Mrs. Floan will also be happy to see those interested in the Palm Springs Historical Society, whose new home is not yet ready for the public. The chairman of the Society, Mrs. Bennett, expects to have it open early in February. Meanwhile Mrs. Floan will be on hand to answer questions about memberships in the Society, its current activities and its future plans. Since the Society, which is an auxiliary of the Library, is not yet a year old, anyone joining now is eligible for Charter Membership, a privilege which will only be extended to those who join during the first year of its history.

So hurry down to 1146 South Palm Canyon for wonderful books in a delightful desert atmosphere and for more information about that exciting community effort, the Palm Springs Historical Society.

HOLLYWOOD—Mickey Cohen, recently released from Alcatraz, is opening a nursery in Los Angeles. Trees and shrubs, that is—not babies... John van Druten's new play, "Dancing in the Chequerboard," flopped during its pre-Broadway tryout in Boston... Henry Fonda just turned 50... Gene Kelly's agents are offering the dancer for a fairly reasonable price to the Las Vegas spots. Something like \$10,000 a week... Which is cheap for Las Vegas... Carol Channing looms very large as Ginger Rogers' traveling girl friend in "The First Traveling Saleslady." Vivian Blaine is also pitching for the part... Overheard in Ciro's: "So you wanna know what a character is? WELL, a character is a jerk with personality!"

Bob Fellows, John Wayne's partner, flies to Chicago Jan. 24 to powwow with Milton Caniff and Russ Stewart of Field Enterprises about making a movie, or maybe even a teleseries, of Caniff's corkin' comic strip, "Steve Canyon"... Bill O'Connor, Ann Miller's boy friend, will not admit that he's turning down a chance to run against Norris Poulson, Mayor of Los Angeles. Bill is Assistant Attorney-General here...

Dr. Goldberg to Present Case to State Board

Dr. Benjamin Goldberg, foreman of the 1955 Riverside County Grand Jury, who is acting consultant in charge of the building program for the Riverside County General Hospital, will attend a meeting of the State Hospital Commission at Berkeley Thursday.

At this meeting, the program which determines the methods by which state and federal funds will be allocated in development of the hospital programs throughout California, will be determined.

This, according to Dr. Goldberg, is not the meeting at which allocations will be made. Two other meetings will be held in the Spring and Summer before the commission and its advisory council will make absolute commitments.

JESS BARKER will be seen in the role of the movie star in Herb Rogers' opening production at the Palm Springs Playhouse, "Oh Men! Oh Women!" The play will have an invitational premiere showing on January 16 and opens the following night for a week's run.

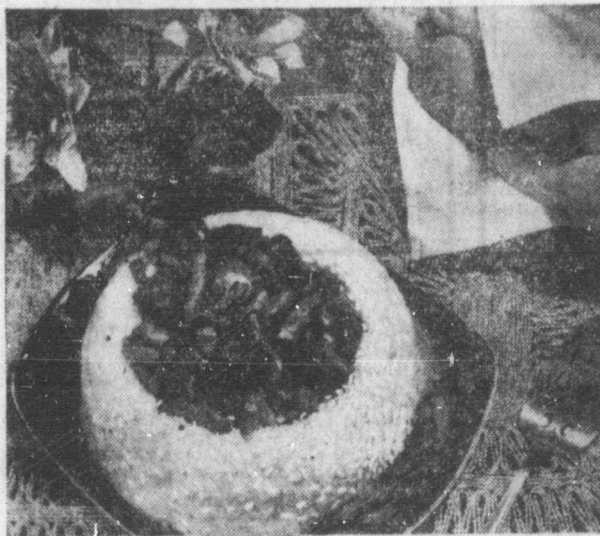

Jess Barker Will Star in Opening Play at Playhouse

Handsome Jess Barker will head the cast, when Producer Herb Rogers opens his eighth season at the Palm Springs Playhouse with "Oh Men! Oh Women!" A preview performance will be given on Monday night with the play opening on Tuesday night to play through Sunday.

Barker has appeared in several Broadway productions, including "You Can't Take It With You." After coming to Hollywood he starred in five pictures for Columbia; free-lanced for a time; and was under contract to Universal. He has also been appearing in such TV favorites as "Hallmark of Fame," "Whistler," and "Science Fiction Theatre." He is the husband of Susan Hayward.

The comedy, which opens a 14-week series at the Playhouse, will present Barker in the Gig Young role of the movie star. Marian Walters, who is back with the Playhouse cast this season, portrays the psychiatrist's fiancée. Other important roles will be handled by Phyllis Flax, Sydney Brenze, Lee Rhodes, Bill Pullen and Molly Dodd. Rehearsals started Monday on the Edward Chodorov comedy which concerns a psychiatrist who uncovers his fiancée's past through interviewing a patient. The frustrated wife of a tipsy movie star further complicates matters by her appearance. Arrival of the movie star, in person, adds more comical difficulties. Rogers has assembled a resident company of players from New York and Hollywood which will play in support of leading stage and screen personalities. Michael Ferrall has joined Rogers for his eighth consecutive year as director of all productions, after a successful season with Rogers at the latter's Highland Park playhouse, The Tenthhouse Theater, in the Chicago suburb. Each play runs a week, with the theater dark on Mondays.

PEPPER-PORK IN A RICE RING

1 1/4 pound lean pork
1 clove garlic, minced
2 tablespoons salad oil
1 pound green peppers
1 cup beef broth
1/4 teaspoon salt
1/4 teaspoon pepper
1 teaspoon monosodium glutamate
1 tablespoon sugar
1/4 cup cornstarch
1/4 teaspoon soy sauce
1/2 cup cold water
3 cups hot cooked rice
Remove bone and excess fat from meat. Cut into thin strips about 3 inches long.

Brown pork and garlic in heated salad oil in large skillet. Wash peppers and remove seeds. Cut into 1-inch squares. Add to meat together with beef broth, salt, pepper, monosodium glutamate, and sugar. Bring to a boil; lower heat. Cover and simmer 8 to 10 minutes, or until peppers are tender but not soft. Make a smooth paste of cornstarch, soy sauce, and water. Add to meat mixture and cook until thickened and clear. Serve with the hot fluffy rice. Yields six servings.

Roving Reporter Tells All About the Sunday Brunch

By Roving Reporter
Seen and heard over a breakfast trout — North, south, east or west — from all corners they come with but two thoughts in common — food and fun and these Sunday morning gatherings in El Mirador's Kiva Room dish up an ample supply of both. There were no empty tables in sight Sunday morning for three delightfully informal hours as protocol was thrown to the winds and carefully organized confusion reigned. Guests ate, drank, table hopped, and thoroughly enjoyed themselves.

Mrs. Geri Fredrickson hosted a table of six that included: Mrs. Vina Marti of Omaha, Nebraska, Mr. and Mrs. Dick Tomlinson of Portland and the center of much attention, Dr. Robert Schoquette who was widely heralded earlier this week as the official greeter for the poodle who flew down on the Champagne Flight to spend the season in Palm Springs.

Mrs. Dora Clark beamed proudly from her table as one of her guests, Mrs. H. W. Clatworthy, joined Tex Kidwell on the microphone to render "Moonlight and Roses." Others in Mrs. Clark's party applauding the duet were Mrs. Bertine Treat, Mrs. Claire Louis, Mrs. Marion Persons and Miss Mimi Thiele of Seattle.

Frank Bogart who appeared in an Eastern Business suit for the first time in Brunch history, answered the call from Tex and dedicated a Spanish song to Dad and Mom French. The Frenchs hosted a table for the Rod Burnham family, Mr. and Mrs. William Reichel, and Mr. and Mrs. Fred Albertson.

Mr. and Mrs. Bob Bonesteel (she leaves today for Des Moines after several weeks at El Mirador) hosted Dr. and Mrs. August F. Daro and Don Bonesteel at their table. Ted Mossman, who is appearing nightly in the South Pacific room, gave everyone a chance to hear and see him in the daylight when he sat down at the ivories and led a community sing after playing his "Till the End of Time." Elsinore Gilliland had barely stopped applauding Mr. Mossman, when one of her guests actor Tom Neal went mikeside and with Tex did a few choruses of "Down By The Old Mill Stream" to the delight of Mrs. Gilliland's other guests, Mr. and Mrs. James Hammond and Edward Hall.

The Harold Coopers and their guests Mr. and Mrs. Don Wetherbee, and Mr. and Mrs. Don Bleitz listened intently as the ever popular Johnny Boyle and his incredibly lovely Toni favored Mrs. Nobie (Effie) Banks with "Cool Water." Mrs. Bank's table included Lorena LeGro, Fran Blish, and George Shaw.

Mr. and Mrs. Frank Ryan presided over a table including the Conan W. Thorntons, William Thornton and the Abram Simons. The Harold Coopers and their guests the Don Wetherbees and Mr. and Mrs. Don Bleitz were amazed as everyone else when Chef Gehard deserted the range and gave forth with "You Are My Sunshine" and encored with "Beer Barrel Polka." Enjoying a typical busman's holiday was Mrs. Mike Lyman and her table of fourteen.

Another sizable party was Mrs. Ruth Bibb's table of twelve which included honored guest, Joan Johnson, Mrs. Dorothy Bailey, the James Malones, the Jack Boyers, Mr. and Mrs. A. M. Peterson, Col. and Mrs. Jimmy O'Reilly, Bob Simon, and the Frank Bogarts. From Portland, Oregon Mrs. G. Howard Wells entertained Mr. and Mrs. C. B. McQuiston, Mr. and Mrs. Earl Arnold and Mrs. G. A. Berg. At the Pat Fitzgerald table Mr. and Mrs. Everett Warren and Miss Jane Denivier were in complete agreement that Jack Boyer's rendition of "Tumbling Tumbleweeds" was the greatest.

Eventually old Sol beckoned a brilliant finger to all so off we went to enjoy another sun drenched day here on the desert.

MRS. LORRAINE Harper and daughter Natalie spent the weekend with relatives in Arcadia, where they were guests at a large party given by aunt and uncle, Mr. and Mrs. N. G. Bertram, honoring friends Mr. and Mrs. Sol Knee on their anniversary.

Tune haunting me today is... "Sunny Weather". Since Palm Springs and I Got Together... Other days, it's likely to be "Oh, What a Beautiful Morning" for this kind of sunshine is something extra special... and it makes you feel like singing even when you can't carry a tune... King Midas, with his golden touch, couldn't change a cold, gray day to warm sunshiny ones... like we are getting for free... So remember... It's lucky... when you live in Palm Springs... for we are living on "The Sunny Side of the Street."

Flying in Monday to spend a few days with his friends the Sydney Schiffs... was French industrialist Christian Hardion... who is visiting in this country and came here from Los Angeles and San Francisco...

Eddie Fisher and his wife Debbie Reynolds... who spent the weekend at the Racquet Club... were enjoying the Club's Sunday night buffet... with a group of friends... Doris Day and her husband Marty Melcher were with a group which included the Jerry Rosenbergs... In the Clarence Brown party were Virginia Bruce and her husband Ali Ffar, and Arthur Cameron...

Oil executive Michael Finnell and his charming wife Grace... of Calgary, Canada... are Palm Springsing at the Tennis Club... while their little daughter Leslie is with her grandparents, Mr. and Mrs. J. B. Finnell in Pasadena... The Canadians plan to return to Calgary at the end of the month.

In the Sunday night crowd at Chi Chi... listening to Nat (King) Cole... were Dr. Brock E. Brush and Dr. John W. Sigler of the Henry Ford Hospital in Detroit... The two physicians are on the West Coast attending the Cavalcade of Health in Los Angeles... and were visiting Mr. and Mrs. Irving Cohan...

The Bill Pullen who will appear with the Playhouse cast... in their opening production next week... is the same one who starred for several years as "Alessandro" in the Ramona Pageant... Many of us think that, aside from Vic Jory, he is the best of the actors to essay that role... and he should prove popular with Village audiences...

I was so late with my own Christ-

mas cards this year... that I particularly appreciate the card in this morning's mail from Buddy and Sy Simon... It says "Christmas snuck up on us and left us in a fix... But sure it's not too late to say 'Happy Fifty-Six!'"...

Marge and Gower Champion were entertaining Mr. and Mrs. Blake Edwards... Frank and Melba Bennett... Monday night at La Paz "Spur and Sable" Room.

Despite the fact that George and Daphne Cameron had an order in for a girl... I understand they will keep the big boy (9 pounds 9 ounces) who arrived on his parents' first anniversary... In fact, George is so proud of him that he gave him his name twice... It is Cameron Cameron... This is going to demand a nickname... and some of the local "aunts and uncles" have already dubbed the child "Scorpy" after the plush restaurant which will be the first establishment in the new Cameron Center here... Little Scorpy, whose great-grandfather Nathaniel Myrick is still living... is a fourth generation Californian...

Mrs. Joe E. Brown, wife of the beloved comedian... has checked in at the Racquet Club... to enjoy a little desert sunshine...

The Coronation Night affairs at Shadow Mountain Club... that will be a regular Monday night feature, are fun... Edith Eddy Ward chairmanned the first for the season... and had around 350 people there Monday night... Among the 28 guests... at the two tables hostessed by Edie... was Elsinore Machris Gilliland... wearing that beautiful Desert Gold mink coat... and escorted by Tom Neal and Ed Hall... This is a rather constant threesome lately...

Many Guesting at La Paz Hotel

Among recent guests, enjoying the fun and the sun, at La Paz, have been: Mr. and Mrs. Charles Brown of Beverly Hills, Lawrence Kirk and Bruce Wilcox of San Diego, Mrs. August Frankl of Los Angeles, Mr. and Mrs. A. Spiering of Bellflower, Miss Ruth Mundy and Miss Frankl Lynn of New York City, Louis Lange of Los Angeles, Mr. and Mrs. Earl Netow of Sherman Oaks and Mr. and Mrs. B. C. Coffey of Garden City, Kansas.

Every Night is Celebrity Night

Every night was celebrity night at Don the Beachcombers during the holidays.

Frank Sinatra took over one of the rooms for his party, with his guests including Mr. and Mrs. Danny Kaye, the Bill Powells, the Humphrey Bogarts, and Mr. and Mrs. William Goetz.

Sidney Korshak was host to a party which included the George Montgomerys (Dinah Shore) and Bill Peribergs, and the Freeman Gossdens were with Governor and Mrs. Dan Thornton.

Area Merchants to Start New Ad Campaign Jan. 12

CATHEDRAL CITY — Local area businessmen, tomorrow, January 12, will begin an all out advertising-publicity campaign in this newspaper.

Dedicated to easy parking and low prices, merchants of the area will, every Thursday, have a page of news and advertising concerning the Cathedral City area in this newspaper, in addition to the regular daily coverage of the Desert Empire.

Though most local merchants in this area have used the daily Desert Sun as their chief advertising media, this will be the first time that the merchants have banded solidly together to promote this area as a buyers community.

Advertisers who will appear on the first page to be published in this newspaper are: Cathedral City Market, Scott's, Cordes Floorcovering, Rupp's Supply, Young's Shoe Mart, Paul Clark Realty and Insurance, Citizens Bank, Music Center, Desert Tent and Awning, Rainbow Room, Fred Hepper, Desert TV, and O. K. Rubber Welders.

This special page of The Sun will take in businesses within the area of Cathedral City, Traviue, Palm Springs Heights, Sunair, Eagle Canyon, and as far down as Thunderbird Country Club.

HARRY OLIVER, publisher of The Desert Rat Scrapbook and Desert Sun columnist, will soon be making it a familiar sight again when he gets old sunshine out of the garage. Oliver had an accident, the first, with "Id Sunshine" the last of December, and for a while it was pretty questionable that the "one owner, 1929 Ford station wagon" would be able to be repaired. Says Harry, "I sure hope I can get it pretty soon, because its the only way I can help out my desert road-runners. Lately they have been hinting at overtime!"

FAMILY REQUESTS MEMORIAL GIFTS

CATHEDRAL CITY—Mrs. Leslie G. Kelley, today asked friends of her husband, to make memorial gifts to St. Paul's in the Desert Episcopal Church in Palm Springs, rather than flowers.

Funeral services for Leslie Kelley have been set for 2 p.m. Thursday (tomorrow) at St. Paul's. Interment will be in Palm Springs cemetery.

'Baby' Prizes to be Awarded

CATHEDRAL CITY — The first meeting of the new year for the Cathedral City Area Business Association will be held at noon tomorrow, and the prizes in the "First baby of the New Year" contest will be awarded.

Today at 3 p.m. was the last chance for any contestants to file a report with the organization for participation in the contest.

To date, the best and most probable contestants are the Gomez twins, born January 4, at 5:30 and 5:39 a.m. They hold the distinction of being the first babies born in 1956 at Desert Hospital in Palm Springs.

The list of prizes has been increasing daily, with Vernor Krings Chevron Service adding a \$10 gasoline order to the growing list. Orvil Zappe, association president has asked everyone to attend and added that the meeting would be a short one.

Compared with pre-war figures, the number of passengers carried on British Railways annually has risen 32 per cent and the ton miles of freight 40 per cent, while the total of passengers transported is over one billion.

New Nuclear Fuel Put on Sale by U.S.

Potential Power Made Available for Industry Today

By JOSEPH L. MYLER
United Press Staff Correspondent

WASHINGTON (U.P.)—The government put on the market today a potential new atomic fuel which may multiply the world's nuclear power resources.

It offered to sell from its stocks limited quantities of thorium metal for \$43 a kilogram (2.2 pounds). Thorium, a so-called "fertile material," can be transmuted in atomic reactors to fissionable uranium-233. U233 can be used to make weapons or to fuel nuclear power plants. Russia is known to be experimenting with thorium.

It has been estimated that successful "breeding" of U233 out of thorium in atomic plants could boost the world's nuclear energy reserves four to 10 times.

Many authorities believe no long-lasting economic atomic power industry can be established without exploitation of thorium.

THE ONLY FISSIONABLE materials now in use are uranium-235 and plutonium. The Atomic Energy Commission last August announced a price of \$25,000 a kilogram for U235. It has not yet published the price at which it might buy or sell plutonium. It probably is costlier than U235.

Despite its potential value, thorium is not being stockpiled in large amounts by the government. It expects private enterprise some day to take on that job.

The AEC plans at some future time to use thorium blankets in an advanced reactor at Oak Ridge, Tenn., in the hope of producing U233 in amounts greater than the U235 used as the reactor's primary fuel.

IF THAT EVER is accomplished, many nations now comparatively poor in nuclear resources, including India and Brazil, will become atomically rich. Both India and Brazil, as well as this country, have large thorium reserves. Russia, too, apparently has big deposits of thorium.

One U. S. utility, the Consolidated Edison Co. of New York, already is committed to thorium as a source of atomic fuel. It plans to build a "thorium-uranium converter reactor" capable of generating 140,000 kilowatts of electrical power.

This plant, financed entirely by private industry, will cost about \$5-million dollars to build. Neutrons from splitting uranium atoms will transform thorium into U233.

Bones Not Lazy at All, Despite Word of Song

ST. PAUL, Minn. (U.P.)—The fellow who wrote "Lazy Bones" turned out a good song, but he libelled some of the hardest workers in the human body.

The Minnesota State Medical Association says bones actually are thriving manufacturing plants operating on a 24-hour-a-day schedule. The bones manufacture red blood cells which must be replaced at a rate of 180 million a minute. They also have the major responsibility for producing infection-fighting white blood cells.

In addition, the bones act as a storehouse for reserve nourishment. They keep fats and proteins in their marrow and nearly all of the body's calcium and phosphorus.

The Minnesota medics said the human body has about 206 bones, but that the number changes. A child usually has 33 segments in his spinal column, for instance, but adults the lower segments fuse, leaving only 26.

The number of ribs also varies. Most people have 12 pairs, but some perfectly normal persons have only 11 pairs and others have 13.

On a weight-for-weight basis, the association said, bones are stronger than steel.

Troop 118 Plans Camp Exercise

Troop 118, Boy Scouts of America, sponsored by the Knights of Columbus, will take a camping trip Thursday night, but will return to their homes after engaging in practice preparations.

Deadly Capsule of Radioactivity Cobalt Regained

MILFORD, Conn. (U.P.)—A deadly capsule of radioactive cobalt taken from a construction project was recovered today in the automobile of a workman who apparently forgot he had it.

Police said the employee, who was not identified, had taken the small, shiny container from the Connecticut Light and Power Co. plant only because he wanted the string to which it was attached.

Authorities had warned that the capsule contained a deadly charge and that the person who took it was in "extreme danger."

The capsule, containing a deadly charge of radioactive cobalt, was used to take X-ray pictures of welds in piping being installed for the power company.

Twin Parents

MILWAUKEE. (U.P.)—The twins in the family of the county register of deeds, Clyde Haberman, don't believe in getting out of step. Mrs. Donald Hanna, gave birth to a son at 7 a.m. recently. Her twin, James Haberman, 23, became the father of a son 30 minutes later.

Compromise at Short Creek Puts End to Tensions

SHORT CREEK, Utah (U.P.)—A suggested compromise between state law and religious belief today eased tensions in this desert village where angry neighbors defied welfare workers sent to take custody of eight children of a polygamous family.

Husky members of the "Fundamentalist" cult, which advocates polygamy, stood shoulder to shoulder Tuesday and turned back a sheriff and welfare workers sent to take custody of eight children of Leonard Black and Vera, one of his three wives.

THE CHILDREN, ranging in age from 4 to 19, started to cry after the sheriff arrived to take them from their unpainted cinder block and stone home. All were dressed in their best clothing. Six-year-old Wilford Marshall Black wailed, "I'm not going, mommy, I'm not going."

Ten-year-old Elsie clung to the family cat and declared she would take it with her.

Then neighbors stepped forward in the crowded basement kitchen of the house and blocked off the children from the sheriff.

Sheriff Roy Renout of Washington County had been instructed not to use force and he left empty handed.

STATE OFFICIALS decried the incident as "open defiance" of Utah law and said they would not drop the case.

Atty. Gen. E. R. Callister said, "We can't stand idly by and permit the Blacks to defy the law."

The case was started in 1954 as a test to determine who should have custody of children belonging to parents arrested in a polygamy raid in Short Creek in 1953. Leonard Black, among those arrested, pleaded guilty to conspiring to live in polygamy and was placed on probation.

THE BLACK CHILDREN were surrendered to authorities after their parents refused to sign affidavits promising not to practice or preach polygamy. They were returned to their parents when the court ruled against the Blacks and the U. S. Supreme Court refused a review.

Possibility of compromise was reported to V. Pershing Nelson, Washington County attorney, who would be responsible for the next legal move by the state. Nelson said he was informed indirectly of a proposal to modify the affidavit to make it more palatable for the "Fundamentalists," many of whom are excommunicates from the recognized Latter-Day-Saints church, which disavowed polygamy in 1890. He said he "will wait and see" what develops before continuing court action to take the youngsters.

Chevrolet Introduces Restyled Corvette

Chevrolet adds another chapter to its pioneering achievements with a new Corvette in the sport car field. Among principal features are a power-actuated fabric top lift and a removable solid top, which like the body is built of reinforced glass fiber plastic. The car has been completely restyled and offers either a manual or Powerglide transmission coupled to a V8 engine of 225 horsepower. In appearance the latest Corvette may be readily distinguished from previous models. Rear fenders sweep downward and the sides of the body carry a sculptured depression. Exterior color choices list black, green, copper, red, blue and white, with the cockpit color-keyed in beige or red.

Chance of Seeing Service 7 to 9 for Youths Now 18

By JOHN W. FINNEY

United Press Staff Correspondent
WASHINGTON (U.P.)—About 1,200,000 youths will come of military age this year. What are their chances of seeing military service?

During the year only about 1 out of 4 of this "new crop" will go into regular or reserve units. But the chances are about 7 out of 9 that the qualified youths will be put in uniform sometime before they reach age 26—either voluntarily or involuntarily.

Such odds do not jibe with the popular impression. With draft calls falling to the lowest level since the start of the Korean War, many youths seem to have to have come to the conclusion that the odds are in favor of escaping military service altogether.

HERE IS HOW the Defense Department experts figure the odds by placing the number of men needed by the military during the year versus the number qualified for military service:

During the coming year, about 1,200,000 youths will turn 18—the military draft age. Of this group about 240,000 will be disqualified for military service on physical, mental or moral grounds.

That leaves 960,000 fit and ready for military duty. And during the coming year the military expects to take in 700,000 persons from civilian life—either through draft or enlistment—to meet their manpower needs. Thus the 7 in 9 odds. It is true that most of the 700,000 to be taken in this year will come from older age groups. But the odds will catch up with the new crop in future years.

DEFENSE MANPOWER experts conceded that the probability is the 18½ year old will not be drafted immediately. Draft boards now are inducting men at an average age of between 22 and 23, and in some states the age has gone up over 24.

With the present odds that a youth will see military service, how can he fulfill his military obligation? The new Reserve Law passed by Congress last Summer opened up several avenues of military service. Here are the principal ones:

Draft—Be drafted for two years

followed by three years' participation in the Ready Reserve. Ready Reserve participation consists of attending 48 weekly drills plus two weeks annual training, or 30 days' annual training.

ENLIST—Enlist in one of the services before receiving induction notice. The enlistments run from three to six years. The enlistees must serve a total of five years on active duty and in the Ready Reserve.

Six-Month Reserve Program—Volunteer before reaching 18½ for six months active duty followed by 7½ years in the Ready Reserve.

Reserves—Enlist in the Reserves for six years, with the provision that two of these years must be served on active duty.

National Guard—Enlist in the National Guard before 18½ and serve in the Guard until age 25. This term of duty can be reduced to eight years by taking six months active duty.

Student Deferments—Obtain an academic deferment through Selective Service examinations. Deferred students still have an obligation to serve after completion of studies, with the obligation extending until age 35. College students can enroll in the ROTC and obtain a commission with the provision that they must serve at least two years on active duty or six months active duty and 7½ years in the Ready Reserve.

An elaborate locomotive and cart-testing plant is being constructed on British Railways to obtain exact information of the performance of rolling stock at a wide range of speed in all weather and track conditions.

Plot to Extort \$100,000 Fails at Sacramento

SACRAMENTO, Calif. (U.P.)—An unemployed Oregon man was held here on an extortion charge today after a plot to collect \$100,000 from a wealthy lumberman backfired.

Jessie Ellis, 27, Hillsborough, Ore., was arrested by police last night when he took a suitcase from a bus depot locker here that supposedly contained \$10,000 put up by George Steiner, co-owner of a lumber company, in return for the safety of himself and his wife.

The small suitcase actually contained clipped papers with dollar bills at the end. A team of police detectives had been in the depot for two days watching the locker. The key had been left in a telephone booth by Steiner.

Steiner told sheriff's officers he received the first call from Ellis January 8 at his fashionable home in suburban Sacramento. The man first demanded \$100,000 but offered to settle for \$10,000. Steiner said Ellis warned that he had two men from Chicago in on the job and that Steiner's three children would be left "without a mama and papa" if the money was not produced.

Ellis told police he conceived the plan to get money for his wife and three children.

Sheppard Case to be Reviewed by Ohio Courts

COLUMBUS (U.P.)—The Ohio Supreme Court today agreed to review the second degree murder conviction of Dr. Samuel H. Sheppard, but rejected a plea for a new trial on grounds of "new evidence."

The court said it would review the case record and the defense claim that Dr. Sheppard's constitutional rights were violated by a "circus atmosphere" during his original trial in Cleveland more than a year ago.

But the state's highest court rejected Sheppard's plea for a new trial on the basis of "new evidence," which Dr. Paul Kirk, University of California criminologist, claimed he had found.

The decision to review the case was the first legal round Dr. Sam had won since he was first accused of beating his pregnant wife Marilyn in their house overlooking Lake Erie July 4, 1954.

While the decision did not win Dr. Sam's release from Ohio penitentiary, it means the court will review the case in detail. The court, although it rejected the request for a new trial today, still could order a new trial after it studies and decides the constitutional question. Or the court may decide that Dr. Sheppard must serve the life sentence which was imposed by Common Pleas Court in Cleveland.

Sunday in Jail

OMAHA (U.P.)—When William L. Brightweiser, 19, was fined and sentenced to 30 days in jail on a driving offense charge, he asked the judge if he could serve the jail term on Sundays. Judge William A. Day okayed the request.

TODAY'S SPORT PARADE

By OSCAR FRALEY
United Press Sports Writer
Reg. U. S. Pat. Off.

NEW YORK (U)—Major league baseball embraces a comparatively small section of the globe in the so-called "World Series" but a diamond organization known as the Pony League is making big plans to put real meaning into the words.

The Pony League, in case you don't know, was founded in 1951 for boys of 13 and 14. It bridges the vast gap between the little leagues and regulation baseball.

And it is spreading like wild fire. On its conception there were three leagues in Washington, Pa., where it was conceived and from where it now is directed. It now has 578 leagues of some 60,000 players in 38 states, seven provinces of Canada, Hawaii and even a league in Germany.

"EVENTUALLY we hope to have it rolling in Japan, the Philippines, Australia, New Zealand and any other baseball-conscious country," says Joe E. Brown, the one-time movie comedian who is deadly serious about his non-representative job as Pony League president.

"Then, we hope, we can put on the first real world series," he adds. "Believe me, these aren't just words, but in this way we feel that sports can make a real contribution to world wide understanding and peace."

Right now the Pony League puts on a "United States Championship" at Washington, Pa., under the watchful eye of Commissioner Lew Hays, one of its founders when he was sports editor of the Washington Observer. The winner, before 34,000 paid fans, was the home team.

In previous series, the crown went to San Antonio, Tex.; Fairmont, W. Va., and two years ago the smallest team in the playoffs, Monongahela, Pa., which has only one league, won the title in the finals against Chicago, which had 40 leagues.

"We hope that eventually we can play the series in Washington every fourth year," Brown revealed, "moving the championship playoff to other sections of the nation in the other three years."

THIS IS IN acknowledgment that Washington was the Cooperstown of the Pony League, whose slogan is "Protect Our Nation's Youth."

The Pony League is designed to meet the baseball needs of the growing teenager who has outstripped the little leagues but isn't quite ready for regulation diamond play. The bases are 75 feet apart, compared with the 90 feet of the Little League and the 90 feet regulation. The pitching distance is 52 feet, compared with 44 feet and 60 feet in the order games.

Already this interim baseball training has paid off for one pony league graduate. Billy Short, an 18-year-old left-handed pitcher from Newburgh, N. Y., the first Pony leaguer to be signed by the pros, recently inked a contract with Denver in the New York Yankee system.

Many others have high hopes, too. Because now they aren't being abandoned at one of their most critical growing up periods.

Grace and Kretz Given Honors

Two sport car drivers, familiar to local fans, have been honored for their ability behind the wheel. According to Earle Grace, manager of Nick Pastor's Foreign Cars on North Palm Canyon Drive, Pat Sawyer has been invited to drive the Pastor TR-2, No. 149, with hopes that he will maintain her record of wins during the Torrey Pines Sport Car Races near La Jolla next weekend.

Another driver of No. 149, motorcycle and sport car champion Ed Kretz, has been approached by Mercedes Benz representatives to join their driving crew when and if they form a factory racing team to travel internationally.

No time has been set for the formation of the team, and there is, as yet, no absolute assurance that such a team will be formed. One of their former drivers, Sterling Moss, stayed with the factory as an agent following the abandonment of the last Mercedes Benz racing team which won the Mexican Road Race in their division, 1, 2, and 4.

That was in 1954, and the racing team was disbanded soon after. Such is the practice of factory racing teams, to allow other teams to compete without having to face such seemingly insurmountable odds.

Doak Walker Averse to Coaching Business

LOS ANGELES (U)—Doak Walker doesn't want to go into the coaching business, according to Mattie Bell, athletic director of Southern Methodist University. Bell said Tuesday he had talked with the former SMU star and retiring pro player, "He (Walker) states definitely that he can't become a coach because of other business interests," Bell said.

Indians Last Minute Basket Wins for Redmen

Reyes Drops One in to Break Tie Just Before Gun

By DAVID FISHER

Vic Reyes, acting game captain, sank two driving lay-ups with less than a minute left in the game to climax a tremendous fourth quarter Palm Springs surge and give them a thrilling 43-41 victory over a surprisingly strong Banning team. Reyes' first score came with the Indians on the short end of a 41-39 score and followed a beautiful steal from the Broncos' Bob Cariker. Then with the score knotted up at 41-41 and five seconds left to play, Mickey Pellum took a rebound and tossed to Reyes who powered in for the two points and the ball game.

Palm Springs trailed by 11 points, 27-16, at the half, but sparkling performances by Reyes, Charlie Jordan, and Mickey Pellum put the Indians back in the game. Banning was held to four field goals in the second half while Palm Springs was picking up eleven. The Indians, led by Jordan, also gained the control of the back boards, which they didn't have in the opening half.

PALM SPRINGS cagers were never ahead in the tilt until Reyes' game winning shot. The local quintet pulled up even with Banning several times in the second half, but were unable to grab the lead.

Sparkling the Indians game-ending drive was their sharp shooting guard, Mickey Pellum. Pellum drove in for lay-ups and set shots from the outside equally well and walked away with Palm Springs high scoring honors with 15 points.

The Redskins' play in the opening half was anything but good. Their shooting was off and they were being pushed all over the court by the Banning five. However, after a good intermission talking to, Palm Springs went back on the floor and really played ball.

THE SCENE in the Palm Springs dressing room after the game was one of back slapping and merriment. It was the Indians' first victory in this year's Riverside County League play and they made the most of it. Coach Watt said that the sparkplug of their comeback win was Pellum. He quickly added that it was definitely a team victory. The Palm Springs head mentor was of the opinion that the luckiest move he ever made was when he substituted Reyes for the injured Sam Jones in the closing minutes of the fourth period.

Palm Springs also came away with a victory in the B game, when the Indians trounced an undermanned Banning squad, 65-37. High point man in the Indians' victory was Gary Waters who bucketed 16. The papooses played probably their best game of the still young season, as they led the Broncos from wire to wire.

FRIDAY NIGHT Palm Springs plays its first home game of the 1955 campaign, going up against the fast-moving Elsinore team.

SMC Golf Bids for Tournament Jan. 21 in Mail

The women golfers of Shadow Mountain Club sent out a comprehensive invitation today to all SMC men who wish to play in a mixed partner two-ball foursome tournament at their course January 21, starting at 10 a.m.

With the addition of length to the course, and the continual help of the club's professional, Bob Pinnell, the women seem sure to show a good game of golf.

According to women's golf publicity chairman Velma Blades, the players will be able to take advantage of the added luxury of a new golf clubhouse.

THE CLUBROOM is the result of effort by the men and women. The men did the work and their wives did the planning.

Besides contributions by businessmen and residents of Palm Desert, including at cost building materials from the Valley Lumber Company and concrete slabs poured by Roy Earle, labor contributed by Clarence Goodwin, Boynton Jones, Cliff Ives, Archie Sumpter, Fred Blades, Ralph Caplinger, William Bradley, J. B. Schutz, Pinnell, and others made the project a reality.

THE LADIES shot a round of golf after inspecting the nearly completed clubhouse, and then took a little lunch where they made final plans for the two-ball foursome tournament.

It will be called Guys and Dolls, and pairings will be done on a draw basis. They hoped that all entries would be in by their next meeting, but agreed that late entries should be paired at time of play, Saturday after next.

Saratoga Plans New Program for Pacers

SARATOGA SPRINGS, N. Y. (U)—Saratoga Raceway and Vernon Downs have announced a new \$160,000 series of pacing races designed to attract owners of "big" money. Only non-winners of \$25,000 last year will be eligible for the eight-race series, thus eliminating about 30 top money-winning pacers.

Sports Car Club Election to be Announced Feb. 12

Ballots for officer election are in the mail to the more than 85 members of the Palm Springs Sport Car Club, and the 1956 president, vice-president, secretary, treasurer, and activities chairman are expected to be announced following the February 12 return and count of ballots.

According to publicity chairman Ann Wallace, there are three nominees for each of the offices. The nominations were made privately, and in some cases the ballot will be the first announcement of candidacy, even to the nominees.

The present officers and nominees for the offices are as follows:

DEL DAVITT is now president. Nominees are Dick Hill, Earle Grace and Dick Hetzel.
Jack Woods, vice-president. Nominees are Greg Smith, Ray

De Craene and Miles Bates.

Virginia Kidder, secretary. Nominees are Hazel Peck, Virginia Kidder and Viola Schreiner.

PRIOR TO THE election announcement, the members of the club and their guests, are invited by Davitt to meet at Howard Manor, their regular meeting place, this Sunday at 8:30 a.m. to travel to La Jolla for the Torrey Pines Road Race.

Sunday will be the finals of the two-day event, similar to the ninth running of the Palm Springs Road Races seen at our airport December 3 and 4, at which Ken Miles, Ernie McAfee, and Masten Gregory emerged as stars.

SFU Dons Nearing College Record for Basketball Wins

By JOHN GRIFFIN
United Press Sports Writer

San Francisco's national champions now own the second longest winning streak in major-college history — 38 games — and can tie the all-time record by beating Fresno State on Friday.

A 74-56 rout of Santa Clara Tuesday night, so easy that San Francisco led by 26-2 after he first eight minutes of play, moved the Dons within one game of the major-college mark of 39 straight victories set by the 1935-36 Long Island U. team and tied by the 1940-41 Seton Hall squad.

The champions are prohibitive choices to tie the record by crushing Fresno State and then they'll be heavy favorites to beat California on Jan. 28 for a new record.

San Francisco's easy triumph keyed a night of success for teams high in the national rankings. Four others came through with expected triumphs.
Southern Methodist, ranked No. 7, continued to set the pace in the Southwest Conference as its racetrack attack downed Texas A & M, 97-68. The Aggies held the Mustangs close for a while with a zone defense, but Larry Show-

ler's 24 points led SMU, which scored 57 points in the second half.

Duke, No. 8, and North Carolina, No. 10, both scored important victories in the Atlantic Coast Conference, as they pressed Maryland for the loop lead. Duke downed South Carolina, 63-52, and North Carolina routed Virginia, 101-65. Holy Cross, No. 11, had a 105-61 romp over Rhode Island.

Baron in Comeback in Miami Tournament

MIAMI BEACH, Fla. (U)—Herman Barron, a veteran White Plains, N. Y., professional who hasn't played the tourney circuit for five years, made a triumphant return today with a \$1,200 victory in the \$7,500 McNaughton Golf Tournament.

Ignoring a cold, 25-mile-an-hour wind, Barron shot a five-under-par 67 Tuesday to score a two-stroke triumph over Pete Cooper of Tampa, Fla. Sammy Sneed of White Sulphur Springs, W. Va., and Bob Watson of Ardley-on-Hudson, N. Y., tied for third with 70s followed by Ed Furgol of St. Louis with 71.

Boxing Guild to Fight Charges of TV Boycott

NEW YORK (U)—Murray Frank, attorney for the International Boxing Guild announced today that U. S. indictments will be contested in federal court at Cleveland, and the N. Y. Guild-ban will be challenged in N. Y. State Supreme Court.

"Not guilty" will be the plea of the guild and three guildsmen who were indicted by a federal grand jury at Cleveland Tuesday on charges of conducting an "organized boycott" against televised boxing, Frank said.

The Brooklyn labor attorney, who returned Tuesday from a Florida vacation, announced he would appear at tonight's general meeting of the New York chapter of the guild and "advise it not to disband" in spite of the N. Y. State Athletic Commission ban, effective Sunday.

Senior Golf Tourney Set Jan. 17-19

Invitations in Mail for Annual Event on Three Courses

Invitations have been sent to Senior golfers throughout the country to compete in the first major Palm Springs golf tournament of 1956.

More than 100 men, 55 years old and older, are expected to play in the 54-hole best-ball foursome matches January 17, 18, and 19. The match, featuring a 54-hole medal play added event, will be the January Tournament of the Palm Springs Desert Senior Golf Association.

The defending champion, winner of the November Tournament, is Gail Cave.

AS IN ALL previous tournaments, the first day's play will be at O'Donnell Golf Club, the second day's at Tamarisk Country, and the wind-up at Thunderbird Country Club. The golfers will play 18 holes each day.

Play will start at 8 a.m. each day, and pairings will be made the day before the tournament on a drawing system, rather than strict handicap pairings.

IN THE SENIORS event, there will be five age classifications, and the medal event will be handicapped individual golf.

The Desert Sen. Association was started by Ben Shearer with help of J. E. "Doc" French and others interested in making Palm Springs the winter golf capital of America.

Winners of the event will receive a small replica of the huge Gene Mann Trophy, a sterling silver top hat more than a foot tall, and winners of the other various events will receive other prizes.

Winter Games Site Covered by New Snowfall

CORTINA D'AMPEZZO, Italy (U)—After 24 straight days of sunshine, snow — nearly two feet of it — came to this Olympic Winter Games site today.

A 24-hour fall, beginning early Tuesday morning, covered the ski trails and brought smiles to the faces of Olympic officials and local hotel men.

A two-foot fall was needed to cover the nearly barren ski trails. Italian army troops had been shipping snow here from nearby mountains and Olympic committee officials already had made plans to hold the ski events on higher slopes which have been covered with snow for quite some time.

The heavy snowfall caused people to line up at Olympic headquarters to purchase tickets and also caused a sudden flood of telephone calls from Italy and abroad from people wishing reservations at hotels.

TENSE ACTION at the Racquet Club during a mixed doubles match is indicative of things to come when the sixth annual Blue Ribbon Tournament starts weekend after next. George Montgomery, who will play January 21 and 22, and Gussie Moran, former nation title holder, are shown during game they later won. "Gorgeous Gussie" will not enter this year's contest.

Blue Ribbon Net Tourney to Attract 100 Entries

The sixth annual Blue Ribbon Tennis Tournament, to be played at the Racquet Club the weekend of January 21, will have about 100 men and women competing for four top spots. There will be two flights, championship and Class A, and two divisions in each. Men's doubles and mixed doubles will take care of all the events, with no singles being played.

Defending champions are Vincent Fotre junior and senior, and Greg Bautzer and Flo Allen, championship; David May and Marion Hawks, and Mousie Powell and Nelson McIninch, Class A.

'Dutch' Harrison's Ideas on Money Bring Fortune

By HAL WOOD
United Press Sports Writer

LOS ANGELES (U)—The philosophy that "money isn't everything" is making the one-time Arkansas traveler, E. J. Dutch Harrison, a fortune.

Not in hard cash, but in friends and memories.

Dutch is the oldest man on the professional golf tour these days, closing in on 46-which puts him a year or two or three ahead of the likes of Ben Hogan, Sam Snead and Lloyd Mangrum.

But in a life-time of golf, Dutch probably has made more friends and fewer enemies than the other three big names put together.

"Dutch believes money isn't everything in life," says his wife, Thelma. "We think that if we have a nice home, wonderful friends and good food, then life is worth living."

AND THAT'S THE WAY Dutch is on the golf course these days. He has been around the touring circuit for about 20 years and it is doubtful he ever has deliberately hurt anyone. He has been a big money winner year after year—but never at the expense of making an

enemy.

Dutch is only a part-time tourist these days. He is head professional at a swank club in St. Louis, Mo. He tours three months, in December, January and February—and can play in any other six tournaments he desires.

He probably is the most easy-going successful professional in the business — and completely refutes Hogan's theory you must be a "killer" to win.

HARRISON NEVER HAS scaled the heights reached by Hogan, Snead and Mangrum—but he always has been right up there close, one of the top 10 for at least 15 years.

He hasn't made as much money as some of the well-known names, but he is "comfortable."

"Without quite the success, Dutch has many of the characteristics of Walter Hagen on a golf course," says Ray O'Brien, PGA tournament director. "In his younger days he was noted as somewhat of a 'needle artist' on the course, but never in his life has he done anything to hurt anyone's feelings."

Fire Causes \$1200 Damage to Office of Twin Palms

A fire, caused by faulty electric wiring, caused an estimated \$1200 damage to the office of the Twin Palms Apartments, 280 Sepulveda Road, before it was extinguished by Mrs. Margaret Picella, of Modesto.

Mrs. Picella was taking care of the guestless apartment for the weekend while her sister and brother-in-law, Mr. and Mrs. William Epperson, owners of Twin Palms, were in San Francisco on business.

She said she was outside when she smelled smoke about 5 p.m. and opened the door of the office to see flames licking the south wall and picture window.

She grabbed a garden hose and

extinguished the fire. Started by a poorly insulated and overloaded cord, the blaze damaged the drapes, cracked the window, scorched the rug and some furniture, and destroyed a lamp and an electric clock.

Neighbors called the fire department, and both companies rolled. Directed by Captain Charles Goff, they succeeded in completely securing any chance of recurring ignition.

Outstanding Cast to Appear in O'Neill Drama

A distinguished cast of the finest actors in the desert area has been assembled by Director Bill Milner for Eugene O'Neill's "Desire Under The Elms," which opens at the Palm Springs Playhouse this Friday night at 8:45 on the stage of the American Legion Theater auditorium.

In the role of an aging and hardened New England farmer whose love of his land and his newly acquired young wife call for an actor of strength and conviction, Milner has cast Clay Stearns, veteran actor with 30 years of professional experience and no stranger to the desert as he was director and producer of his own theater group in Palm Springs at the Playhouse as the priest in "Rose Tattoo."

Verkina Beck, who will be remembered for her portrayal of Seraphina in the Playhouse production of "Rose Tattoo," plays the young wife consumed by her desire for a home of her own. As Simeon and Peter, the two older sons, John Thalib and Robert Flick make their debut at the Playhouse in roles of droll New England farmers with a hatred for their hard and bitter father.

Martin Beck is seen in the role of the intense and mother-complexed youngest son, Eben.

"Desire Under The Elms" will play Friday, Saturday and Sunday, January 13, 14 and 15, and then repeat the following week-end, January 19, 20, 22 and 23.

Carnation corner

by June Goodie
CARNATION HOME SERVICE DIRECTOR

I'm feeling mighty nostalgic, these days. I've just had my first taste of Carnation's new Butterscotch Whirl Ice Cream. What a flavor! It's an all-in-one version of my favorite childhood treat—the rich, luscious butterscotch sundae I used to order so often at our corner sweet shop.

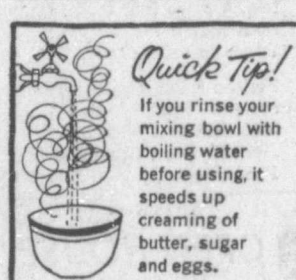

This new Carnation Treat-of-the-Month has that same wonderful, old-fashioned, butterscotch goodness—blended all through creamy smooth Carnation De Luxe Vanilla Ice Cream. Believe me, I plan to enjoy Butterscotch Whirl often while it lasts. It's especially festive served with these

Cherry Butterscotch Drops

(makes 4 dozen 2" cookies)

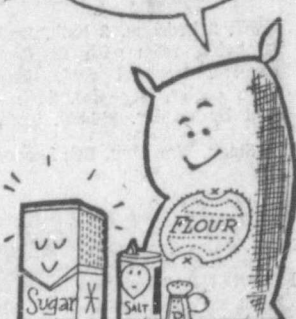

1 cup butter
½ cup granulated sugar
½ cup firmly packed brown sugar
1 teaspoon salt
1 egg
1 teaspoon vanilla
2½ cups sifted flour
1 teaspoon baking powder
1 teaspoon cinnamon
½ cup CARNATION HOMOGENIZED MILK
1 cup shredded coconut
1 cup chopped nuts

Blend butter, sugars, salt, egg and vanilla together until light and fluffy. Mix flour, baking powder and cinnamon together; add alternately with milk to butter mixture. Stir in coconut and nuts; blend well. Drop batter from teaspoon to buttered cookie sheet. Bake cookies in moderate oven (375°F.) 15 minutes. Remove from cookie sheet.

Did you know sugar journeyed halfway round the world for seven centuries before it finally landed in America?

'You tell 'em, sugar. You've been around.'

Natives of India first produced sugar from cane—Arabs introduced it into North Africa—African traders took it to Europe—and Columbus brought sugar cane to the New World. Today it's an important American industry. The U.S. produces more than six million tons of sugar cane a year.

You know, without sugar it wouldn't be possible to enjoy delicious treats like Carnation Butterscotch Whirl Ice Cream. Try this wonderful Treat-of-the-Month soon, won't you? It's just too good a Carnation flavor to miss!
